Dear Diary,

We are Stuck! The horrid pack ice Crushed Our boat over long winter months. If ~~it's~~ honest i'd rather it just crushed it over a day So we di~~idn't~~ have to listen to her moans and groans. Shackleton is our Only hope of Survival - he has helped us build a Camp on the ice and keeps our Spirits up every day - & with my help. I'm the lead of the dog team and every day we Salvage more and more Supplies and we also hunt penguins, 3 and Seals for food. Frank Hurley built a Stove made Specially for Seal blubber. Under Ernest's Supervision we are Constantly practicing packing up the

Camp so that if we need to we can escape (if the ice gets too soft) in under five minutes. I hope we get home soon.

Until tomorrow — Frank Wild.

Lovely writing Freyer!

Can you add a sentence at the end? How do you feel about having to pack up in under five minutes? Can you do it?
