

Addendum to School Behaviours in response to COVID 19

This document has been written in accordance with government guidance published on 14 May and 11 May 2020 respectively:

<https://www.gov.uk/government/publications/preparing-for-the-wider-opening-of-schools-from-1-june/planning-guide-for-primary-schools>

<https://www.gov.uk/government/publications/actions-for-educational-and-childcare-settings-to-prepare-for-wider-opening-from-1-june-2020>

Teachers must regularly share these rules and expectations with the children in a way that ensures they fully understand them. This learning should sit at the heart of our “Recovery Curriculum.”

- When you arrive at school you must follow the social distance markers on the school path and down the slope. You must stay 2 metres away from other families. When you reach the front of the queue to enter school your parent must use the sanitiser station.
- You will be welcomed onto the field via the zig-zag path outside. The teacher in charge will wave to you to show that it is your turn to come in.
- Your parent will not be able to walk in with you. Say goodbye at the path outside the office.
- You will stay in your Year 6 Home-Learning Bubble throughout the morning. You will have games, t-shirt signing and lunchtime with only this group of children. You must not mix with other children before, after or during school. This includes walking to and from school and sharing a car with other families. You will be permitted to meet the school Year 6 Bubble children on the field and we will encourage maintaining a safe distance from your friends.
- The **only items** you should bring are a water bottle, a packed lunch and a t-shirt for signing. If you are returning any school books, bring these in a plastic bag so that we can quarantine these.
- You will have a special play zone with the other children in your Bubble. You will only be able to play in this part of the field – your teacher will explain this to you and show you where it is.
- You will only be allowed inside the building to use the toilet. You will be directed to the toilets you should use. You must follow instructions for moving around the school. This includes the one-way system in corridors and around the school. When queueing, you must keep 2metres apart from each other
- You must sanitise your hands regularly throughout the day: before and after eating and when you go to the toilet.
- You must avoid touching your mouth, nose and eyes with your hands.
- If you need to cough or to sneeze then do so into a tissue and then put the tissue into the bin. You must then wash your hands. **“Catch it! Bin it! Kill it!”**
- You must not spit or cough, at any time, towards another person. This is very serious and will not be tolerated.
- You must tell an adult if you feel unwell or have symptoms of coronavirus – a high temperature, persistent dry cough and loss of smell or taste.
- If you are unwell a trusted adult will take you to the Dove room. We will call your parent so that they can safely collect you from here.

- When you leave school at the end of the day you will sanitise your hands and then your Teacher will lead you to the gate. If your parent is collecting you, they should walk down the path at the entrance to the school and wait on the 2meter markers.

The failure to follow any of the expectations detailed below will result in the immediate withdrawal of the pupil from their Bubble and parents will be contacted in order to collect their child.

- Following instructions which relate to the safety of all
- Deliberate or malicious intent to threaten the safety of all, including staff
- Absconding, or attempting to abscond, while being removed or whilst being looked after in a place of isolation until a parent arrives
- Failing to maintain hygiene in school against modelled expectations: handwashing, personal hygiene after coughing / sneezing, not sharing equipment
