

The world this week

Week beginning 22.11.2021

Presented by The Day in partnership with Oddizzi

Where are we this week?

This country begins with an 'I'

It's in Asia!

It's near China.

It is India!

It's the seventh largest country in the world with a population of 1.38 billion.

Its capital city is New Delhi.

Namaste!

Why is India in the news?

Because the air pollution in Delhi got so bad and dangerous...

...that the city's schools and offices had to close for a week!

Pollution in Delhi got worse this week because of farmers burning straw after the harvest.

Children and adults have to study and work from home...

...and Delhi could be put into lockdown to keep people safe.

Over to you!

Do you know any facts about India?

Do you like studying from home?

Over to you!

What else can
pollute the air?

Thank you!

We'll see you next week for your new "The World This Week" resource!

The Day is a daily online news title linking classroom teaching to real-world events. Find out more and try for free at www.theday.co.uk or save 20% on your first subscription quoting code 'ODDIZZ12021'
