

Wednesday Year 2 maths challenge

Eva says,

Every number in the
2 times-table is even.

Is she correct? Explain your answer.

Find all the possible calculations using the clues.

$$2 \times \bigcirc = \square$$

The number in the circle is greater than 3.

The number in the square is less than 24.

Both numbers are even.

The number in the square is a 2-digit number.
