

Lower Key Stage 2 News

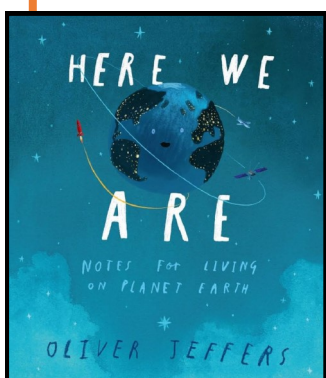

Friday 4th September

This week's learning

It has been great seeing lots of smiley faces this week; the children are very happy to be back and are keen to get on with their learning.

We are taking part in a whole school transition project based on the book *Here We Are: Notes for Living on Planet Earth* by Oliver Jeffers.

We have looked at where Earth fits in our Solar system, visited other countries on Google Earth and talked about places in this world. We have labelled continents, oceans and countries and have looked at where our families live and countries we would like to visit.

We have written about our favourite place in the world and why it is so important to us. We have also thought about and written to a special person or pet in our lives and explained why they are so amazing to us.

In Maths we have been remembering our 2,3,5 and 10 times table and having been counting in 2's, 5's and 10's. Today we looked at 2, 3 and 4 digit numbers and worked out which number is less than or greater than.

Next week's learning

In English we will continue our work based on the *Here We Are* book. We will be writing a song, making leaflets and writing a social contract, (class rules) and thinking about what we want to be when we grow up.

In Maths we will be extending our knowledge about Number and Place value. Year 3's will be looking at Ones, Tens and Hundreds moving to Thousands by the end of the weekend. Year 4's will be looking at Ones, Tens, Hundreds, Thousands and moving to tens's of thousands by the end of the week.

In History we are looking at our own time line of the children's lives. In Science we will look at environmental issues and in RE we will think about the special gifts that God has given us.

Teacher of the Week

Each Friday we love to learn something new from a member of the class. Next week the children will choose a date when they would like to talk about a hobby or interest for around 5 minutes.

The children will let you know their date for their talk.

Water bottles

Please send in a named water bottle for your child every day as the water fountains are out of use due to COVID-19 restrictions.

Lower Key Stage 2 Super Stars

This is where we will celebrate and acknowledge our children who have gone above and beyond each week. This week we are giving a BIG shout –out to every child in our Hub because they have all been simply wonderful. We have seen so many examples of children demonstrating our school values, of fellowship, compassion and aspirations this week and are very proud of you all!

Dates for the Diary & Reminders

Thursday is PE day for LKS2. Please come dressed in: house colour t-shirt, (blue, green, red, yellow) black shorts or black track suit bottoms, school jumper or cardigan and trainers. The children will stay dressed in their PE kits for the day they have PE.

Please could you return all forms that we sent home last term giving permission for photos, local school trips and Home School Agreement plus any reading books that the children had.

Thank you

Mrs Bourdillon, Mrs Hazleby and Mrs Irvine
