This week's learning

We have had a creative week of learning this week. The children had a no pens day on Wednesday where they did not write all day and created lilies to go on our whole school display about flourishing.

In English the children compared their house with Gregory's parents house and wrote instructions how to build a model house and then started building their models. Then the children wrote in role as Gregory and sent a letter home to his mum or dad and described what he was doing and how he

felt. In Maths the children have been practising their times tables by using Times Table Rock Stars in the ICT suite and on tablets. In RE we looked at the how hymns tell us about God and we thought about why Christians sing hymns. The children enjoyed singing Our Great Big World and My Lighthouse.

In History we started looking at the Egyptian pyramids and the different types of pyramid. The children made little models of their own pyramids.

Next term's learning

Next term we will be looking at our school values of **Compassion, Aspiration, Resilience, Respect and Friendship** along with our new school vision .

As a safe haven of hope and aspiration, our richly unique and diverse children are nurtured with kindness and compassion, learning to value themselves and others.

God's love and care guides us along our spiritual path making us a strong, resilient and proud community ready to learn, thrive and flourish together.

Alongside our new school narrative of The Two Builders we will be embedding these with the children through creative and artistic ways.
