Homework

To help prepare you for secondary school, Year 6 pupils will be given homework **every day** - this includes for those children who are learning from home. Every day, homework will be posted on the class web page but this won't be posted until the afternoon. You will be given a timeframe within which to complete the work: either for the following day or a few days' time. It won't be onerous but it will help you to develop good learning habits. You will be asked to email your homework to me by a given deadline.

This term, if you are working at home, I would also like you to email your work to me **every day**. Take a photo of work on paper, email me a document (e.g. Word or Power Point document) or scan your work to me. If you complete work on Mathletics, send me a message to let me know what you have.
